Hi Alec,

In advance of our meeting, I would like to share with you one of the core data files for this project.
I can explain more when we talk, but it's essentially 545 six digit occupations with digital scores, education requirements, employment, and wage information in 2002 and 2016. Would be great to hear from you what's the best way to present these.

Talk to you soon!

Sifan

Fine by me, I'll update the meeting invite.

Sent from my mobile, please pardon any typos.
